THE VERSATILE CHOICE FOR FORK LIFT TRUCKS

LIQUEFIED PETROLEUM GAS (LP GAS) IS THE IDEAL FUEL CHOICE FOR FORKLIFT TRUCKS AND OFFERS MANY BENEFITS OVER OTHER ENERGY SOURCES.

- **Ideal in Confined Warehouse Space** - Forklift Trucks powered by LP Gas can be used inside, outside and due to low emissions, in confined spaces, making it ideal especially where food is being handled and where odour contamination could cause a problem.
- **Superb Performance** - Whether it's a steep gradient or rough terrain, the performance is consistently good.
- **Reduced Down Time** - As no re-charging is required LP Gas power offers extended working time without any loss of performance, 24 hours a day.
- **Easy to Maintain** - LP Gas is a clean burning fuel making the equipment easier to maintain.
- **Cleaner Fuel** - Fork Lift Trucks powered by LP Gas have virtually no harmful emissions and are far cleaner than other fuels such as diesel.

THE BENEFITS OF CHOOSING FLOGAS:

Flogas are the number one choice for supplying LP Gas for Forklift Truck users nationwide. With a track record that stretches over 20 years, we have a wealth of experience and resources to ensure a level of quality and service which is second to none.

From single truck users to multi-unit fleets, Flogas has the flexibility to provide a cost effective, reliable service.

Flogas has a nation-wide network of Distributors and Dealers who provide a convenient and efficient gas refill and delivery service to fork lift truck users.

The Flogas Technical Emergency Service Team can offer an unbeatable level of support to our customers and is available

24 hours a day, 7 days a week.
